## **Customer Testimonial**

“**Larry and Rachel** are two of the **best sales and customer service reps** around. They will go the extra mile to make me look like a hero before my customers. In an emergency, I feel like I can trust them to do anything possible to deliver on-time. Sometimes on some items, I pay slightly more than I could elsewhere. I don't like doing that too often.

I like the new **website**. It's a **good educational tool** that helps me support my customers. It also helps to train new reps. I like the growing list of product offering.”
