For Immediate Release

I.D. Images, LLC adds inline variable equipment in their Brunswick, OH facility.

Brunswick, Ohio – June 30, 2016 I.D. Images LLC, a leading pressure sensitive label converter with headquarters in Brunswick, Ohio is pleased to announce the addition of a Domino K600i variable information ink jet printer in its Brunswick, Ohio facility.

“We continue to experience significant growth in the pre-printed variable information space across several end-use Markets including E-commerce, Food & Beverage and Warehouse & Distribution. The Domino investment allows us to keep pace with that demand as well as compressing delivery times which is becoming a critical requirement”, stated Tim Mlnarik, Director of Sales and Marketing.

The Domino K600i delivers 600dpi high resolution, high speed, UV curable print. The unit prints a range of linear, 2D, (including QR codes), numbers, graphics, logos and personalized information to meet the growing demand of variable information labeling. The K600i prints on a wide variety of uncoated and coated materials with excellent print quality.

Tom Kubis, Director of Manufacturing states, *“The K600i inline unit is the perfect high quality high speed addition to the equipment in Brunswick and with the ability to choose the ink drop size from 6, 7, 11 and 14 we can maintain excellent quality while reducing ink consumption.”*

I.D. Images, a leading manufacturer of converted label products, specializes in providing label solutions from supply chain management to brand protection. The company serves varied markets including Transportation and Logistics, Food and Beverage, Consumer Durables and Healthcare and has facilities in Cleveland (Brunswick), Cincinnati, Chicago, Charlotte, California and Tennessee. I.D. Images sells exclusively through distributors.
